

Flower Pot Kits

Flower Pots have become a very hot decorating accessory. Our kits will let you create a lamp out of your favorite one. These kits fasten in the bottom drain hole of the pot and have feet included, so it is not necessary to drill a hole for the cord to exit. Instructions are included for two versions, one with the drain tray turned upside down for a different look. Kits also will fit in other containers besides flower pots. The height listed is the height of the lamp rod supporting the socket. (If you want to add a harp, they are found on page 12.)

- # 02-461 8" Flower Pot Kit White Cord
- # 02-462 8" Flower Pot Kit Brown Cord
- # 02-466 11" Flower Pot Kit White Cord
- # 02-467 11" Flower Pot Kit Brown Cord

? Upside Down Kit ?

This kit is designed to let you design your own project using flower pots in different ways than they were intended. Upside down is only the start. You are limited only by your imagination. Kit has 2" riser, 1 1/4" check ring, and mounting hardware.

#02-471 White Cord

#02-472 Brown Cord

Clip-on Shade Adapters for these kits can be found on page 10.

Electric Candle Kits

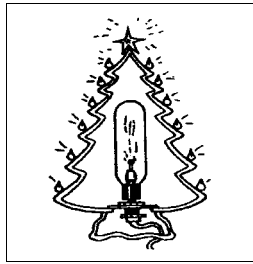

Get the look of a candle with the safety of electricity — no open flame! These kits install easily, and the wide base adds stability. Shown here in a wreath, they can be installed in many types of applications. Kit has brown cord, ivory candle cover & includes 7 W Bulb. 4" Kit shown.

02-480 4" Electric Candle Kit

02-495 2" Electric Candle Kit

For more realism, our flicker flame bulbs are on pg. 14.
